

The Association

Numerous facilities for tourists, landlords, gastronomes and other service providers of the Tourism region Oder-Region Eisenhüttenstadt established the Tourism Association Eisenhüttenstadt on 21.10.1991.

A Tourism Association where these service providers play an active part, so to speak, "from the base for the base" and the guests of our region act. All of them have the specific target here to span a network for tourists at the base, to improve tourism marketing and representation of interests within the region as well as the cooperation between each other.

On top of mutual assistance and organisation of busy activities, the association first of all wants to be a competent contact for the numerous tourists and guests of the region. High readiness of firms, associations, gastronomes and last but not least landlords of various magnitudes to participate in the Tourism

Association Eisenhüttenstadt e.V. already militates in favour of the Tourism Association Eisenhüttenstadt.

Sincere thanks to all of them for the wide assistance. We always welcome further partners and supporters!
